

Retail Hours Suspended until further notice due to Covid-19

Due to recent directives from government and health organizations and to ensure the safety and well being of staff, customers and the general public, CC Computer Solutions Inc will be suspending all retail store hours until further notice. We will be taking appointments for service drop-off and pick-up. Please phone the store at 562-7580 to make an appointment. Preference will be given to customers who have purchased their hardware from us.

We will still be providing onsite service to all commercial and professional customers as usual. Call the shop for service at 902-562-7580. If we are unable to answer, please leave a message and we will respond as quickly as possible.

Given the supply chain disruptions, pricing changes on and shortages of some items, we can no longer honor pricing on quotes that are dated prior to March 16th and we cannot guarantee timely delivery on some items. All effort will be made to give customers the best prices we can and to deliver products as quickly as possible.

We apologise for any inconvenience to our valuable customers but, given these extraordinary conditions, we hope you understand that it is beyond our control and that we will do all we can to minimize the problems that may arise.
